Skills

- In 6 months I have learnt and implemented the skills for front end and back end coding.
- In addition I bring my own creativity and design knowledge to create eye-catching memorable designs to HTML and CSS. Problem solving and logic skills enable me to further create dynamic functionality with Javascript.
- I can utilise CSS frameworks (listed on the left or below) and quickly learn new ones to turn around required projects within tight deadlines.
- I can utilise Node npm packages such as Inquirer and Express, and have the ability to quickly learn new packages to improve required functionality.
- I can use the 16 languages and software programs indicated by the logos on the left hand side or listed below.

Skills Logo List: HTML, Javascript, CSS, Visual Studio Code, Github, Semantics UI, Git, Bootstrap, Node.js, Postman, npm packages, Heroku, MySQL Workbench, MongoDB, Sequelize, Mongoose.

Projects

- I have completed 3 group based, major projects:
A space application for children using 5 separate 3rd party API sources.
An application called My Wardrobe used to organise and store database information on a user's wardrobe.
Third Project Pending.
- 10 progressive projects implementing new skills learnt each week for the duration of the course.
- An additional group mini project developing database skills and Express routing skills to create a restaurant booking application.

INTERESTS

- Graphics and illustration.

- Photography.

- Pottery
I have the ability to recreate and develop ideas from 2D into a 3D creation that is both life like and realistic to the initial inspiration.

- Maths, problem solving and the way things work.

- Design software and computer design applications.

- Fashion design, illustration and pattern cutting.

- Outdoor Activities
- walking, climbing, mountain biking, skiing.

COMPETITION

George @ Asda

- National Competiton.
- Global Traveller**- Finalist, 1 of 5
- Design a capsule collection of 3 outfits for George.
- Collection Presented at Graduate Fashion Week 2013

LATEST WORK

2020

CAD Designer - Fixed Term Contract

Superdry - International Clothing Retailer

- Singlehandedly designed the full shop interior fitout for new store in Kazakhstan .
- Contributing to the shop fitting design guide for the new corporate image, producing standard detail drawings.
- Produced layout drawings for many company owned and franchise stores, exceeding quality and number of designs expected by my manager.
- Producing detailed building plans for existing and proposed building development changes.
- Over and above the requirements of my contract I produced 3D models, renders and Photoshop imagery of storefronts within the original time frame.

2017- 2020

Interior Designer - Umbrella Company Metrofloat LTD

Bayswater Interiors - Residential Interior designer for private clients.

- Lead many projects creating full home renovations for delighted clients.
- I created technical diagrams for lighting and electrics, spaceplanning, and bespoke furniture design.
- I researched new trends to ensure we were at the forefront of interior design.
- Designed bespoke furniture items and had them made for private clients.

Garden Hideouts

- Created 3D and 2D specifications for luxury garden buildings.
- Design and spacial planning for commercial and residential projects from private pool house complex, to garden centre retail village.

New and Used Boat Company

- Create 2D illustrations of canal boats for the company website and marketing material.
- I taught myself the knowledge needed to draw up full manufacturing specifications for canal boat designs.
- One of my canal boat designs, when finished and furnished, was nominated for an interior design award.

AWARD:

LONDON GRADUATE

FASHION WEEK

Nottingham Trent

University

- 1 of 25 chosen from BA (Hons) Fashion Design and BA (Hons) Knitwear.
- To show six outfit final collection at Graduate Fashion Week 2014.

LIFE EXPERIENCE

May- Sept 2018

I had the opportunity to travel around the world for four months and experience 10 countries.

I wanted to enhance my life experiences by seeing other cultures and ways of life. This has broadened my outlook and enriched my design repertoire.

I took a private photography course with a professional around Vancouver. This greatly benefited my photography ability and understanding of light.
